Installation

Accessibility *

Size of air intake * cm²

Engine installation

Deflection of the mountings

Portside Front Rear Starboard Front Rear

Is the engine lined up with the prop shaft? Yes No

Installation angle less than 15°? Yes No

Reaches the gearbox lever the correct position when operated? Yes No

Fuel system

Suction line Length m Diameter mm

Return line Length m Diameter mm

Water separator Make Model

Vent line Diameter mm

Fuel tank Material SS Plastic Other: Contents

Exhaust system

Exhaust line Length m Diameter mm

Waterlock muffler Make Model

Level exhaust injection bend Above the waterline Below the waterline

Airvent Yes No

Goose neck Yes No

Electrical system

Ship's supply voltage Volt

Wire size battery battery cables mm²

Has starter battery been connected to ship's power supply? Yes No

Electrical separation by

Incorrect reset performed using 'EDR'? Yes No

Cooling system

Inter cooling Keel cooling

Suction line Length m Diameter mm

Water strainer Make Model

Suppletion tank Yes No

Water heater Yes No

Has the cooling system been bled? Yes No

Engine oil level OK? Yes No

Lubricating oil

Make Model
